

**Bharati Vidyapeeth Deemed University
School of Physiotherapy &
Bharati Medical College & Bharati Hospital and
Research Center, Pune**

Hosts a Workshop on

**The Test of Infant Motor Performance:
From Research to Practice (TIMP)**

Dates and Location:

1st & 2nd March 2025

Bharati Hospital and Research Center, Pune.

Workshop Description:

The Test of Infant Motor Performance is a neuro-motor assessment tool for infants between 34 weeks post conceptual age to 4 months past term. It uses a combination of infant observations and handling and requires 30-45 mins to administer and score.

The TIMP is predictive of developmental outcomes at 2 years.

The 2 day workshop will include training in administration and scoring of tool with videos.

Materials to administer the TIMP are included in the course fee.

Eligibility:

Physiotherapists, Occupational therapists, Speech language pathologists, Neurologists, Neonatologists, Pediatricians, Researchers interested in the NICU and their outcomes
